

Junior Systems Engineer

PM Access World (Malaysia) Sdn. Bhd. (Global Support Desk, Kuala Lumpur, Malaysia)

Access World (100% subsidiary of Glencore PLC) is a global commodities warehousing and logistics business. Access World operates in various regions across Europe, the Americas, Africa and Asia-Pacific, each with their own corporate functions including business development, finance, legal, and operations.

Access World is working on a major project to create a Global Support Desk (GSD) to service the Group's Systems and Infrastructure needs in Kuala Lumpur, Malaysia.

We are currently looking for a number of Junior Systems Engineers to help support Access World's Global Infrastructure and Systems Projects.

Role:

We are currently seeking to provide Junior Systems Administration roles to candidates in Kuala Lumpur.

The position will provide exposure to leading edge technologies such as the Microsoft Azure Cloud and Microsoft Dynamics ERP system.

This role provides everything a budding Systems Engineer requires to solidify the basis of their long term career.

Duties will include:

- Hardware setup and PC administration
- First and Second level User support.
- Ticket management and execution.
- Account management (creation/disabling), password management using Active Directory.
- Maintaining Website and Intranet content.

Potential candidates should possess the following attributes:

- Fluent in English (verbal and written), additional language skills, such as Mandarin, preferred.
- Interest in working in fast, dynamic, international organization and environments
- Willingness to work hard and build the foundation of a career in Systems Engineering

Please apply by sending resume to hr_gsd@accessworld.com
